Tables

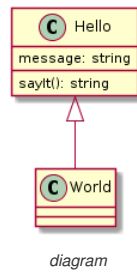

this	is a	table
a	b	c
a	b	c

Sourcecode

```
if (x==1) javascript.format("nicely");
```

Diagrams

You can integrate [plantuml](#) diagrams

1.2 Special Features

Callout

There are three different callouts : warning, danger and info.

```
> [[danger]] __headline__
> Here comes the important info
>
```

headline
Here comes the important info

Link to Chapter

[\[Link to Documentation\]](#)(ref:/Introduction/Documentation)

[Link to Documentation](#)

Links are checked at generation time and broken links fail the generation.

Copy to Clipboard Button

A copy to clipboard button will added to all code blocks by default. This can be overruled by the adding "[noctc]".

```
**** md|noctc
this code has no copy to clipboard button
****
```

this code **has no copy to clipboard button**

```
**** md
this code has a copy to clipboard button
****
```

this **code** has **a copy to clipboard button**
