

Documentation

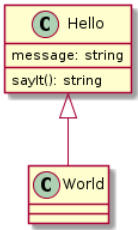

Nice project with a nice documentation

History

date	author	message	changed chapters
17.5.17	koljaSx	Copy to clipboard button (#8) * Update dependencies to enable Greenkeeper (#1) * chore(package): update dependencies https://greenkeeper.io/ * docs(readme): add Greenkeeper badge https://greenkeeper.io/ * Update README.md (#2) Added pandoc install link * Update README.md * adding the copy to clipboard button for code blocks * changing the default to show the copy to clipboard button	<ul style="list-style-type: none">• /Introduction/Special Features
22.2.17	stefan meyer	some simple changes	<ul style="list-style-type: none">• /Introduction/Documentation

1 Introduction

This is a chapter intro text.

diagram

1.1 Documentation

This is the sub chapter "Documentation"

a	b	c
a	b	c

Sourcecode

```
if (x==1) javascript.format("nicely");
```

Diagrams

You can integrate [plantuml](#) diagrams

diagram

1.2 Special Features

Callout

There are three different callouts : warning, danger and info.

```
> [[danger]] __headline__
> Here comes the important info
>
```

headline

Here comes the important info

Link to Chapter

```
[Link to Documentation](ref/Introduction/Documentation)
```

[Link to Documentation](#)

Links are checked at generation time and broken links fail the generation.

Copy to Clipboard Button

A copy to clipboard button will be added to all code blocks by default. This can be overruled by adding "[noctc]".

```
**** md|noctc
this code has no copy to clipboard button
****
```

this code **has no copy to clipboard button**

```
```` md
this code has a copy to clipboard button
````
```

this **code** has **a** copy to clipboard button
