.

Tables

this	is a	table
a	b	c
a	b	c

Sourcecode

```
if (x==1) javascript.format("nicely");
```

Diagrams

You can integrate plantuml diagrams

diagram

1.2 Special Features

Callout

There are three different callouts : warning, danger and info.

```
> [[danger]] __headline__
> Here comes the important info
>
```

> **headline**
>
> Here comes the important info

Link to Chapter

```
[Link to Documentation](ref:/Introduction/Documentation)
```

Link to Documentation

Links are checked at generation time and broken links fail the generation.

Copy to Clipboard Button

Adding a copy to clipboard button by extending the language in a code by "|ctc". All code inside the block will be copied. The button will appear while hovering over the code block.

```
this text will be copied to the clipboard
```
